## Not Enough Evidence in Shooting Case

Insufficient evidence to convict was the reason for dismissing the charge against Heeler Brownie and Otto Shriver arraigned before Justice Musgrave yesterday on a charge of shooting to wound brought a little over a week ago by Virgil Sharkey.

The complainant testified that he was out hunting when he was shot by one or both of the defendants. Cross examination by Attorney L. C. Musgrave for the defense developed a hazy notion on the part of the witnesses as to whether he was shot by the first or second charge which he claimed were fired at him. A number of shots were offered in evidence which it was claimed was afterward taken from his leg by a physician. The defendants and another witness claimed that they used a number four shot. Charges and counter charges of curses both loud and deep, opprobrious epithets and other pleasantries also introduced but did not seem to affect the main fact that in the opinion of the Justice the defendants were not guilty as charged.

All the parties live near the scene of the alleged crime which it has been charged took place near the Enos Miller church, at Ginchs Run on Thursday afternoon, Dec. 18.

## HEINTZELMAN POST MAKING MANY PLANS

Special Committees Reported at Meeting Held Yesterday.

Honor certificates will be given by the French government to surviving relatives of all American soldiers who died in service during the Great War. This was one of the measures brought to a special meeting of the American Legion held last night by Major Earl H. Smith, State Commander. Another bit of good news was furnished by Major Smith when he reported that the Sweet bill providing for immediate payment of war risk insurance in large amounts or a lump sum if necessary to the beneficiaries instead of in little drabs extending over a period of a dozen years as first intended.

A letter from Franklin D. Oiler, National Commander of the American Legion, regarding the action of the French government read, in part, as follows:

The French High Commission at the direction of the French Government has prepared engraved certificates which are being made ready for presentation under the auspices of The American Legion with the assistance of the United States Army to the nearest relatives of each Soldier, Sailor or Marine who died during the Great War. To this end the National Commander of The American Legion has made arrangements with the Adjutant General of the Army regarding the distribution of these certificates, and has formulated the following plan.

The presentation of these certificates will be made on Washington's Birthday, February 22, 1920. In all cities and towns where there is a post of the American Legion this testimonial of appreciation from the French government will be presented, wherever possible, through such local American Legion posts.

As soon as possible, approximately 114,000 certificates will be forwarded to the Recruiting Officers throughout the United States. These Recruiting Officers will be instructed by the Adjutant General to notify the State Commanders of The American Legion that the certificates are in their hands. Immediately upon notification the State Commanders should get in touch with the various Recruiting Officers in order to provide local machinery for distribution.

A special committee to make arrangements for the meeting to be held on Washington's birthday was appointed, consisting of the following members: Dr. C. H. Layman, George M. Alexander, Cecil McDonald, of Fairmont; James Price of Monongah and Ivanhoe Armett, Rivesville, the relatives of all men who died in the service either at home or abroad are urged to communicate with Post Commander Rolio J. Conley who will be glad to give further information on the subject of the distribution of the honor certificates.

Special committees were also appointed with instructions to report Friday night on the proposed membership drive and a dance which is expected to be held in the near future. The membership committee is composed of Lawrence Cunningham, Charles Holt, Guy Crisler, Ray Wise and John W. Mason. On the dance committee are Kenna Clark, Arthur Fisher, Paul Shinn, Lyle Watson and George McCroly.

At last night's meeting final action was also taken on the question of having a minstrel show staged by the members of the post. Reno Fleming will have charge of the arrangements as assisted by a committee who have been working on the project for some time. The show will be staged some time in March.

You see Charlie Evans Had  
Given him nine Gallons
